Dear degree-seeking students,

This information sheet summarizes the most relevant aspects needed for getting started at the University of Tartu. The same information, though in a different format, is also provided at the university's website on [www.ut.ee/en/welcome](http://www.ut.ee/en/welcome). Please let us know if any questions arise from the content below.

The students starting with their studies in Narva, please note that you will receive further information separately from this info sheet, it will be sent directly to your e-mail address.

Academic year 2019/2020
Recommended arrival date: 27.08.2019
Orientation course: 28.08 – 30.08.2019

Autumn semester: 02.09.2019 - 02.02.2020
Spring semester: 10.02.2020 - 28.06.2020
Academic calendar: https://www.ut.ee/en/academic-calendar

Getting to Tartu
Tartu is located in southern Estonia and can be reached by bus, train, or plane from a variety of cities across Europe. Students frequently fly into the Tallinn or Riga airports and take a bus directly to Tartu. Tartu can also be reached by plane directly from Helsinki. However, there are numerous other options, which are detailed here: https://www.ut.ee/en/welcome/arrival-estonia. NB! Students, not the University of Tartu, are responsible for arranging their own transport to Tartu!

Housing in Tartu

NB! Applying for a place in the UT dormitories is the student’s responsibility. The application period is 10-14 July for Tartu. Please see detailed information here: http://www.ut.ee/en/welcome/housing

Please keep in mind the rules regarding application for accommodation at the UT dormitories and carefully read the information provided on the above-indicated website. The deadlines set for both application and payment of deposit (150 euros for one place in a two-person room) are strict and cannot be extended.
Dormitories mainly consist of twin rooms with a shared bathroom and kitchen (usually 2-3 rooms share a bathroom and a kitchen, in some dormitories the bathroom and kitchen are shared with the entire floor). The rooms include essential furniture. Students should bring (or rather buy in Tartu) their own linens, blanket, pillows and cookware. Before buying new cookware, find out if previous tenants have left behind any cookware that you could use. Tartu’s Erasmus Student Network office (Pikk 14) often collects leftover bedding sets and may be able to provide you with one free of charge. More information about the dormitories can be found here: www.campus.ee

After arriving in Tartu, you can go directly to the dormitory. Dormitories are open 24/7 and there is no need to find a hotel if you arrive late at night. If the life in dormitories does not seem to be your style, you can rent an apartment. The prices range from approximately 200 EUR in the farther parts of the town to 450 EUR or more in the centre (1-2 rooms). The rents are the highest in August and September. For alternative housing options, please see http://www.ut.ee/en/welcome/housing
Orientation course
Before the beginning of the autumn semester, approximately 28 August – 30 August, 2019 (exact dates will be specified), the Study Abroad Centre offers an orientation course for newly admitted international students. The course includes:

- meeting the representatives of the university;
- introduction to the university's study system;
- tour of the university, the library and the town;
- meeting the tutors.

It is highly recommended that you participate in the orientation course. If you cannot participate in the orientation course, please inform studentvisasupport@ut.ee of your planned arrival in Tartu. For more information about the orientation course, check https://sisu.ut.ee/gettingstarted/where-and-when

The detailed schedule of the orientation course will be available on the same website about 2 weeks before the course.

Intensive course of the Estonian language
Students pursuing a degree in Estonian at the first study level (bachelor's studies) need to take an intensive Estonian course in the academic year 2019/2020, unless their knowledge of Estonian corresponds or is close to the level B2. All admitted students have been informed, in their e-mail admission notification, whether they are required to take a test of Estonian at the University of Tartu before studies start or they just begin with language studies without prior testing. Please read your admission notification very carefully. The students who need to take the test have indicated that they know the Estonian language at some level, thus the university needs to understand how many additional language courses are required to study in Estonian at UT. Those, who have not been invited to the test, have not indicated in any way that they have some knowledge of Estonian. They will be definitely placed to the beginners' group and need to take the courses of Estonian for the value of 60 ECTS.

By large, the courses of the Estonian language run over 2 semesters and add either one semester or one academic year (depending on prior knowledge of the Estonian language) to the nominal study period of the chosen curriculum.

The students, who need:
(i) to complete the Estonian intensive course fully (for the value of 60 ECTS as they have no prior knowledge of the Estonian and did not take the language test) or
(ii) to take some courses (for the value of 30 ECTS or less according to the test)
must register for the relevant language courses in the Study Information System. Registration can be done as of September 2, 2019. The courses they need to register for are listed here www.maailmakeeled.ut.ee/en/language-courses/intensive-courses-0.

The students, who have been invited to the language test - please note that the language test will take place August 26 in Tartu and August 27 in Narva. If there will be changes, we will notify you in advance.

We highly recommend that admitted students start learning Estonian independently already now. One very useful website for learning Estonian online is https://www.keeleklikk.ee/index.php.
Cost of tuition
Students enrolled in Estonian taught programmes can study without paying the tuition fee if they succeed collecting a required number or credit points (ECTS) each semester. A full-time student is supposed to get 30 ECTS per semester and 60 ECTS per academic year. The payment threshold is 6 ECTS, thus if you get 24 ECTS by the end of semester, you do not have to pay yet. If you get 20 ECTS by the end of the first semester, you have to pay for 4 ECTS on the basis of the invoice prepared at the beginning of the next semester. For details as how many credits one needs to take very semester, please see https://www.ut.ee/en/studiescurrent-students/covering-cost-tuition
During language studies, students need to follow their workload (minimum no of the credits to be completed) in order to avoid payment of tuition fee. Credit point price list is available on https://www.ut.ee/en/prospective-students/tuition-fees-0

Courses
You can register to courses in the online Study Information System during the first two weeks of the semester. You will receive your username and password for the UT Study Information System by email at the end of August. Information on how to register for courses will be given during the orientation course. Guidelines are also available on www.ut.ee/en/studies/study-regulations/examinations-and-passfail-evaluations

Right of residence for EU citizens
EU citizens have the right to stay in Estonia based on a valid travel document or identity card for the period of up to three months. As you are staying longer, you must register yourself as citizen of Tartu within three months from the date of entering Estonia in order to obtain the right of temporary residence. The registration process and the documents required for registration are listed here: www.ut.ee/en/welcome/eu-citizens-right-residence
After registration, the right of permanent residence is granted for a period of five years. All EU citizens also need to have an Estonian ID code, which will be given upon registering residency in Estonia. Finally, you will need to apply for an Estonian ID card, which will enable you to take advantage of a variety of e-services.

Health insurance for EU citizens
International students studying in Estonia are not covered by the Estonian Health Insurance Fund (Haigekassa), unless they are full-time PhD students or employed in Estonia. If you are an EU citizen and have valid health insurance in your home country during your studies in Estonia, you can apply for the EU health insurance card (EHIC) or substitute certificate of an EU health insurance card (form E128). You should apply for that from the social service authorities in your home country before arriving in Estonia. For further information, see www.ut.ee/en/welcome/health-insurance-0

Residence permits/visas for non-EU students
All students applying for visas/residence permits need to consider that they must physically visit an Estonian embassy either in their home country or abroad. Those who need to go abroad or travel to a different city, please consider that travelling requires additional time and financial resources and plan accordingly so that your arrival in
Estonia is not delayed. The countries with Estonian embassies that handle visa/residence permit applications include China, Turkey, Kazakhstan, Egypt, Australia, Ukraine, Belarus, Russia, USA, Georgia, Israel, Canada, India, Japan and some EU countries – Ireland, Finland, Great Britain, France and Sweden.

Information regarding the application process and the documents to be submitted for TRP and long-term visa (D-type visa) is explained on http://www.ut.ee/en/welcome/non-eu-citizens-residence-permits-and-visas. Once you read the guidelines given on the website, please think of the following aspects:

- **Where, and in which country, can I apply for long-term (D-type) visa and TRP (if applicable timewise)?**
  The list of countries in which visa and residence permit requests can be processed is available here. As stated above, please note that this process may require you to travel, and be sure to consider the time and costs involved in travelling and staying in another country!

- **Do I have all the documents required to apply for a TRP/long-stay (D-type) visa?**
  A full list of documents required for the D-visa application is available here; the documents required for applying for a TRP are listed here. The same information is summarized for your benefit also here http://www.ut.ee/en/welcome/non-eu-citizens-residence-permits-and-visas.
  Please be aware that one of the required documents needed for TRP application is the university's invitation. This is a document provided by the university directly to the Police and Border Guard Board in Estonia, so the students do not need to worry about that document.

- **Do I have sufficient funds to support my studies in Estonia?**
  A reminder – minimum requirement for legal income is at least 300 euros per month, yet this is considered as an absolute minimum and does not cover your costs during studies.
  Please check the amounts needed for covering minimum costs on https://www.ut.ee/en/welcome/cost-living.

If you get a stipend during your studies in Estonia, the proof of stipend payment can be used to prove adequate income. Other ways to prove legal income are:

- lawfully earned remuneration for work;
- parental benefits;
- unemployment insurance benefits;
- income received from lawful business activities or property;
- pensions;
- alimony (maintenance support);
- benefits paid by a foreign state;
- subsistence ensured by family members (i.e. spouse, parents of minor child, parents of adult children who need care and assistance, adult children or grandchildren of parents or grandparents who need care and assistance, parents or grandparents of adult child who is studying at full load, guardian) earning legal income.

Tuition- waiver scholarship is not a stipend, it is just allows you to study free of charge!
All questions linked to this topic, please send directly to studentvisasupport@ut.ee
NB! To have the right to hold the **Estonian temporary residence permit for study**, you must take courses for **at least 22.5 ECTS per semester**; otherwise your residence permit will be cancelled. The standard study load is **30 ECTS per semester**.

**Health insurance for non-EU citizens**

International students studying in Estonia are not covered by the Estonian Health Insurance Fund (*Haigekassa*) unless they are full-time PhD students or employed in Estonia. Students from outside the EU will thus be required to purchase health insurance. There is a strict policy in Estonia regarding which instances must be covered by any health insurance plan when applying for residence permit. The Estonian Police and Border Guard Board has confirmed that only the following listed companies can be accepted: [www.ut.ee/en/welcome/health-insurance-0](http://www.ut.ee/en/welcome/health-insurance-0) for TRP. For visa there are no restrictions, just that insurance policy valid for Estonia with insurance coverage of at least 30 000 EUR for the entire duration of the D visa period must be available.

**Student-to-student services**

*Tutors* are the UT students who help newly arrived students adapt into academic environment at the University of Tartu. International students are divided into small groups and each group has a tutor. Please feel free to contact your tutor once you have heard from him/her. If you have not received any message from your tutor by the middle of July, please contact *study@ut.ee*

In addition, there is **International Student Ambassadors (ISA)** network at UT. ISA includes international degree students who represent the university abroad and the UT international student community in Estonia. Follow them here: [https://www.facebook.com/utambassadors](https://www.facebook.com/utambassadors)

Moreover, there is **Erasmus Student Network (ESN)** who supports all international students studying at UT by offering various socializing activities. All the announcements about their weekly events can be followed on their Facebook page (TBA).

All of these groups have different functions. Learn more about them [here](#).

**After arriving to Tartu**

Upon arrival to the university, all international students must bring the **original documents of their previous education level** to the Admissions office (the same set of documents you submitted with your application). This is not required if the same set of documents was sent directly by the higher education institution from which you graduated. Documents must reach the Student Admissions within the first 2 weeks from the beginning of semester (i.e., by 15 September).

**Useful links**

About the city of Tartu – [www.tartu.ee](http://www.tartu.ee)

Learning some Estonian before coming to Estonia may make your arrival and first days in Estonia more enjoyable. One way to learn the basics of the Estonian language is to take the free online course on [www.keelelikk.ee/index.php](http://www.keelelikk.ee/index.php).
Small checklist with some important dates and deadlines

<table>
<thead>
<tr>
<th>Event</th>
<th>Deadline/Action</th>
</tr>
</thead>
<tbody>
<tr>
<td>Confirming or cancelling my study offer</td>
<td>within 7 working days from receiving UT's admission notification</td>
</tr>
<tr>
<td>Applying for TRP and/or visa</td>
<td>approximately 10 days after receiving UT’s scanned admission letter. Admission letters (or conditional admission letters if not yet graduated) will be sent by UT after we have received your application documents by regular (snail) post</td>
</tr>
<tr>
<td>Accommodation application period at UT dorms</td>
<td>10-14 July</td>
</tr>
<tr>
