Dear degree-seeking students,
This information sheet summarizes the most relevant aspects needed for getting started at the University of Tartu. The same information, though in a different format, is also provided at the university's website on [www.ut.ee/en/welcome](http://www.ut.ee/en/welcome). Please let us know if any questions arise from the content below.

### Contacts for admissions and documents’ submission

**Academic year 2020/2021**

**Autumn semester:** from 31.08.2020 to 31.01.2021  
**Spring semester:** from 08.02.2021 to 27.06.2021  
**Academic calendar:** [https://www.ut.ee/en/academic-calendar](https://www.ut.ee/en/academic-calendar)

**Getting to Tartu**

Tartu is located in southern Estonia and can be reached by bus, train, or plane from a variety of cities across Europe. Students frequently fly into the Tallinn or Riga airports and take a bus directly to Tartu. Tartu can also be reached by plane directly from Helsinki. However, there are numerous other options, which are detailed here: [https://www.ut.ee/en/welcome/arrival-estonia](https://www.ut.ee/en/welcome/arrival-estonia). **NB!** Students, not the University of Tartu, are responsible for arranging their own transport to Tartu!

**Housing in Tartu**

**NB!** Applying for a place in the UT dormitories is the student’s responsibility. The application period is **throughout summer**. Please see detailed information here: [http://www.ut.ee/en/welcome/housing](http://www.ut.ee/en/welcome/housing)

Please keep in mind the rules regarding application for accommodation at the UT dormitories and carefully read the information provided on the above-indicated website. The deadlines set for both application and payment of deposit (150 euros for one place in a two-person room) are strict and cannot be extended. Dormitories mainly consist of twin rooms with a shared bathroom and kitchen (usually 2-3 rooms share a bathroom and a kitchen, in some dormitories the bathroom and kitchen are shared with the entire floor). The rooms include essential furniture. Students should bring (or rather buy in Tartu) their own linens, blanket, pillows and cookware. Before buying new cookware, find out if previous tenants have left behind any cookware that you could use. Tartu’s Erasmus Student Network office (Pikk 14) often collects leftover bedding sets and may be able to provide you with one free of charge. More information about the dormitories can be found here: [www.campus.ee](http://www.campus.ee)

After arriving in Tartu, you can go directly to the dormitory. **Dormitories are open 24/7** and there is no need to find a hotel if you arrive late at night. If the life in dormitories does not seem to be your style, you can rent an apartment. The prices range from approximately 200 EUR in the farther parts of the town to 450 EUR or more in the centre (1-2 rooms). The rents are the highest in August and September. For alternative housing options, please see [http://www.ut.ee/en/welcome/housing](http://www.ut.ee/en/welcome/housing)

**Orientation course**

Before the beginning of the autumn semester, approximately **26 August – 28 August, 2020** (exact dates will be specified), the Study Abroad Centre offers an orientation course for newly admitted international students.
For more information about the orientation course, check [https://sisu.ut.ee/gettingstarted/where-and-when](https://sisu.ut.ee/gettingstarted/where-and-when). This year the course materials will be available on the website, there is no on-site course with face-to-face interaction.

**Cost of tuition**
Full-time students studying in tuition-based spots in English-taught programmes must pay the tuition fee each semester. Tuition fees and credit point prices for English-taught programmes in 2020/2021 are listed [here](https://sisu.ut.ee/gettingstarted/where-and-when). If you have a **tuition-waiver scholarship** for an English-taught programme, you do not have to pay the tuition fee so long as you complete the required volume of the curriculum: 30 ECTS per semester and 60 ECTS per academic year. A full-time student will have to start to pay the tuition fee if the student is more than 6 ECTS short of the prescribed volume at the start of the next semester (i.e., 24 ECTS in the first semester, 54 ECTS in the second semester, etc.). Starting from the second semester, you will have to pay tuition fee for each credit point exceeding the permitted threshold of missing credit points (6 ECTS) in previous semesters. For details as how many credits one needs to take every semester, please see [https://www.ut.ee/en/admissions/when-will-i-have-pay-tuition-fee](https://www.ut.ee/en/admissions/when-will-i-have-pay-tuition-fee).

**Courses**
You can register to courses in the online Study Information System during the first two weeks of the semester. You will receive your username and password for the UT Study Information System by email at the end of August. Information on how to register for courses will be given during the orientation course. Guidelines are also available on [www.ut.ee/en/studies/study-regulations/examinations-and-passfail-evaluations](http://www.ut.ee/en/studies/study-regulations/examinations-and-passfail-evaluations).

**Right of residence for EU citizens**
EU citizens have the right to stay in Estonia based on a valid travel document or identity card for the period of up to three months. As you are staying longer, you must register yourself as citizen of Tartu within three months from the date of entering Estonia in order to obtain the right of temporary residence. The registration process and the documents required for registration are listed here: [www.ut.ee/en/welcome/eu-citizens-right-residence](http://www.ut.ee/en/welcome/eu-citizens-right-residence). After registration, the right of permanent residence is granted for a period of five years. All EU citizens also need to have an Estonian ID code, which will be given upon registering residency in Estonia. Finally, you will need to apply for an Estonian ID card, which will enable you to take advantage of a variety of e-services.

**Health insurance for EU citizens**
International students studying in Estonia are not covered by the Estonian Health Insurance Fund (*Haigekassa*), unless they are full-time PhD students or employed in Estonia. If you are an EU citizen and have valid health insurance in your home country during your studies in Estonia, you can apply for the EU health insurance card (EHIC) or substitute certificate of an EU health insurance card (form E128). You should apply for that from the social service authorities in your home country before arriving in Estonia. For further information, see [www.ut.ee/en/welcome/health-insurance-0](http://www.ut.ee/en/welcome/health-insurance-0).

**Residence permits/visas for non-EU students**
All students applying for visas/residence permits need to consider that they must physically visit an Estonian embassy either in their home country or abroad. For the
autumn 2020, all students need to apply for a D-type visa for entering Estonia as explained in your cover letter in DreamApply. TRP will be applied in Estonia. Those who need to go abroad or travel to a different city, please consider that travelling requires additional time and financial resources and plan accordingly so that your arrival in Estonia is not delayed. The countries with Estonian embassies that handle visa/residence permit applications include China, Turkey, Kazakhstan, Egypt, Australia, Ukraine, Belarus, Russia, USA, Georgia, Israel, Canada, India, Japan and some EU countries – Ireland, Finland, Great Britain, France and Sweden. Information regarding the application process and the documents to be submitted for TRP and long-term visa (D-type visa) is explained on http://www.ut.ee/en/welcome/non-eu-citizens-residence-permits-and-visas.

Once you read the guidelines given on the website, please think of the following aspects:

üğ Where, and in which country, can I apply for long-term (D-type) visa?

The list of countries in which visa and residence permit requests can be processed is available here. As stated above, please note that this process may require you to travel, and be sure to consider the time and costs involved in travelling and staying in another country!

уг Do I have all the documents required to apply for long-stay (D-type) visa?

A full list of documents required for the D-visa application is available here; the documents required for applying for a TRP are listed here. The same information is summarized for your benefit also here http://www.ut.ee/en/welcome/non-eu-citizens-residence-permits-and-visas

Please be aware that one of the required documents needed for TRP application is the university’s invitation. This is a document provided by the university directly to the Police and Border Guard Board in Estonia, so the students do not need to worry about that document.

уг Do I have sufficient funds to support my studies in Estonia?

A reminder – minimum requirement for legal income is at least 300 euros per month, yet this is considered as an absolute minimum and does not cover your costs during studies. Please check the amounts needed for covering minimum costs on https://www.ut.ee/en/welcome/cost-living

If you get a stipend during your studies in Estonia, the proof of stipend payment can be used to prove adequate income. Other ways to prove legal income are:

- lawfully earned remuneration for work;
- parental benefits;
- unemployment insurance benefits;
- income received from lawful business activities or property;
- pensions;
- alimony (maintenance support);
- benefits paid by a foreign state;
- subsistence ensured by family members (i.e. spouse, parents of minor child, parents of adult children who need care and assistance, adult children or grandchildren of parents or grandparents who need care and assistance, parents or grandparents of adult child who is studying at full load, guardian) earning legal income.
Tuition- waiver scholarship is not a stipend, it is just allows you to study free of charge! All questions linked to this topic, please send directly to studentvisasupport@ut.ee

NB! To have the right to hold the Estonian temporary residence permit for study, you must take courses for at least 22.5 ECTS per semester; otherwise your residence permit will be cancelled. The standard study load is 30 ECTS per semester.

Health insurance for non-EU citizens
International students studying in Estonia are not covered by the Estonian Health Insurance Fund (Haigekassa) unless they are full-time PhD students or employed in Estonia. Students from outside the EU will thus be required to purchase health insurance. There is a strict policy in Estonia regarding which instances must be covered by any health insurance plan when applying for residence permit. The Estonian Police and Border Guard Board has confirmed that only the following listed companies can be accepted: www.ut.ee/en/welcome/health-insurance-0 for TRP. For visa there are no restrictions, just that insurance policy valid for Estonia with insurance coverage of at least 30 000 EUR for the entire duration of the D visa period must be available.

Student-to-student services
Tutors are the UT students who help newly arrived students adapt into academic environment at the University of Tartu. International students are divided into groups and each group has a tutor (see the list of tutors by study programmes here https://www.ut.ee/et/noustamine/tuutorid/tuutorite_nimekiri). Please feel free to contact your tutor once you have heard from him/her. If you have not received any message from your tutor by the second week of August, please contact noustaja@ut.ee

In addition, there is International Student Ambassadors (ISA) network at UT. ISA includes international degree students who represent the university abroad and the UT international student community in Estonia. Follow them here: https://www.facebook.com/utambassadors
Moreover, there is Erasmus Student Network (ESN) who supports all international students studying at UT by offering various socializing activities. All the announcements about their weekly events can be followed on their Facebook page (TBA). All of these groups have different functions. Learn more about them here.

After arriving to Tartu
Upon arrival to the university, all international students must bring the original documents of their previous education level to the Admissions office (the same set of documents you submitted with your application). This is not required if the same set of documents was sent directly by the higher education institution from which you graduated.
