

Part-time job offer for a Slovak student

Sportlyzer is looking for a Slovak student in Tartu who could help us with market research and calling some Slovak customers:

- Market research about the sports system in the Slovak Republic
- Getting feedback from the experience of existing customers
- Introducing our product to new clubs

We expect from you:

- You feel comfortable with picking up a phone and calling a stranger
- You can do web research and clearly document results

About us - Sportlyzer is a team and training management software for youth sports clubs with paying customers from more than 40 countries. We are interested in putting more focus on the Slovak Republic and need your help with that :)

If you are interested in this job or want more information, please contact Jaan Saks via jaan.saks@sportlyzer.com or +37255586353.
