*To whom it may concern*

Subject: HARMO20 conference postponement

With reference to the

20th International Conference on Harmonisation within Atmospheric Dispersion Modelling for Regulatory Purposes, 14-17 September 2020, Tartu, Estonia – HARMO20

the HARMO Steering Committee has carefully considered the Covid-19 situation, the present restrictions in different Countries, the foreseen difficulties in travelling abroad in coming months and possible new Covid-19 occurrences from Autumn 2020 to early Spring 2021.

For these reasons, it has been unanimously decided to cancel the planned conference in September 2020 and to postpone the **Harmo20 conference** to **new dates**, on:

**14-18 June 2021**

Please, for future updates refer to the websites:

Harmo20 (<https://harmo20.ut.ee/>)

Harmo.org (<http://www.harmo.org/>)

Sincerely,

*on behalf of HARMO Steering Committee*

*Silvia Trini Castelli*
