

Instruction

Work in pairs. Think and answer the questions on this worksheet.

1. What exactly do we try to accomplish by advocating the need for genocide education?
2. Can we expect that teaching in this area will reduce human rights violations around the world? Will that education help to spread democracy, tolerance, respect for other people, and openness to our countrymen/Others/strangers – migrants?
3. Can science that raises awareness of the enormity of the cruelty of which any human being is capable really contribute to better conduct of individuals and groups? Can it lead to a change in attitudes?
