

European Social Survey

2 д. · 🌐

New [#research](#) published by IZA - Institute of Labor Economics 🇩🇪 included analysis of our data. Mihails Hazans ([Latvijas Universitāte](#) 🇱🇻), Jaan Masso ([Tartu Ülikool](#) 🇪🇪) and Botolf Maurseth ([BI Norwegian Business School](#) 🇳🇴) assessed the Schwartz human values scale section of our [#survey](#) and employment [#data](#). They compared the values of supervisors and employees in nine countries.
