Exercise. Work values

Think about what is important to you in a job. Look at the work-related values in the table and mark the appropriate column. If you want to list other values that are not in the table, write them in the empty cells.

Earning enough money to live well Getting along well with colleagues Possibility to be a leader Full-time job Physically safe job Feeling important in my work Being trusted and the possibility to work independently Working with people who know their job Doing a variety of tasks Possibility to use all my skills A clean and comfortable workplace Good benefits in addition to wages Creative work A job that matches my skills Prospects for moving ahead in my job Work is done at fixed times of the day Work at different locations Higher pay for greater responsibility Possibility to get a better job if I learn more Right to make decisions about my job Working towards my long-term goals Solving the problems I face at work by myself Possibility to use the special skills I have learnt Seeing the results of my work Early retirement A good pension plan	Work values	Not	Important
